

## Learn**English** Teens

## Writing skills practice: An informal email or letter - writing practice

You are interested in an activity. Here are some ideas:

- skydiving
- learning a language (which one?)
- photography
- another activity of your choice.

- travelling or backpacking (where?)
- playing a musical instrument (which one?)
- · learning how to make a website

Your friend Chris is an expert in it, so you write an email to get his or her advice. Think of three questions to ask or things you need to find out about it. Then write your email below.
